# Baby Shower Theme Idea Worksheet

## Directions:

1. Jot one theme idea into theme bubble.
2. Write down ideas for other party elements in surrounding bubbles.
3. A theme is solid if there are creative ideas for each bubble.
4. Compare ideas with shower co-hosts to see which one will work best for the group.

## TIPS:

If it takes too long to come up with ideas, it may not be the right theme.  
When debating a theme's merits, remember to consider how much time, money, and manpower it will take to accomplish the details.
